

With you

when you want to
live independently.

I hope that you know how important and vital your service is to the community. Without you, the volunteers, and your great ideas, my Mom wouldn't have been able to live independently. Thank you.

- Shawn Young, Transitions client's family member

WHAT IS TRANSITIONS?

Since 2005, the Transitions program has helped our community members stay as independent as possible by offering extra support and connections to community resources. Our goal is to give people a helping hand when they need it. [The Transitions program is provided at no cost, and you don't need to be on hospice to utilize this service.](#)

Transitions is a non-medical community service program that offers volunteers to provide assistance, companionship, and other services to those who need a helping hand.

WHAT SERVICES DOES TRANSITIONS PROVIDE?

Transitions services are provided by our Transitions Coordinators and Volunteers. Every client has a Case Manager to help match their needs to available volunteers.

- Visitation and companionship
- Assistance with writing and reading correspondence
- Transportation and running errands
- Respite breaks for family and caregivers
- Referrals to community resources

IS TRANSITIONS RIGHT FOR ME?

If you or a loved one have been diagnosed with a serious or life-limiting illness and would benefit from support and assistance, please contact us today.
